➔ General Description of Patagonia Run 2021 - PRVertical race

Date of the Race: Thursday, April 7th, 2022

Start Time: from 09:00 am*

Course Description

PRVertical Patagonia Run in San Martín de los Andes, Argentina, is a new unique challenge for trail runners of all levels. The **PRVertical** race will take place fully in Cerro Chapelco.

Runners will make their way across varied and **very demanding** semi-technical and technical terrain, ranging from grass paths of moderate steepness to narrow mountain trails with 30° steepness and bare mountainsides.

Runners will come across different types of soil, with **total elevation gain (D+) of approximately 720 meters** along its approximate 3,4 km.

You will reach the summit El Filo de Chapelco, at 1980 mts. above sea level.

This race represents a true test of ANAEROBIC endurance, due to the challenge of steep trails.

It is a perfect race for those who choose steep climbs and short, but intense races.

The unique and beautiful scenery of Cerro Chapelco turns this event into a one-of-a-kind mountain experience.

RACE COURSE MARKERS

The route will be clearly marked throughout the course to prevent participants from getting lost.

- **White tape with Patagonia Run logo** : This is the main tape that marks all the race courses. By following these marks runners will stay on the right trail or course of the race. In the woods, tapes will be placed on trees, bushes and canes. In bare mountainsides, they will be displayed on stakes. Runners should follow these marks at all times and in the event the white tape cannot be seen, they should return immediately to the last sighted mark. Markers will be placed so that runners can follow the route without any risk of getting lost by simply looking up.
- **Yellow Tape:** Those trails or paths NOT included in the course will be closed using yellow tapes. Runners should not cross any area marked with yellow tapes.
- **Orange Tape:** In the event of snow or lack of contrast, white tapes with Patagonia Run logo together with orange tapes will be placed as additional marking.
- **Arrows:** either vertical, horizontal or diagonal will indicate the way: 
- At crucial crossroads, **Marshals** will be standing directing runners to the correct path.

We recommend that runners constantly look straight ahead and spot the race course markers. Although the course will be clearly marked, it is essential to avoid taking any unmarked trail or shortcut and to follow the marshal's instructions to avoid getting lost. **It is also important to pay attention to marks and signs. Do not take other participants running ahead of you as a reference.**

➔ Drop Out Policy

If a participant is unable to complete the race, **the runner has the obligation to notify this situation to the Organization.** The race head of each checkpoint either in the Station, at the Start Line or the Finish Line, will ensure proper recording that the participant has decided to drop out of the race. Race head of each checkpoint will be fully identified. Marshals or any other staff member outside these stations are not authorized to put on record any drop out notice. Shuttle services will be provided as instructed by the Organization.

➔ Clean Race - Litter

The race will take place in Cerro Chapelco. One of the key factors for success is clearly the magnificent scenery embracing the race. Therefore, local people and tourists are responsible for preserving this place. For this reason, **littering along the race course is banned.** Garbage containers will be placed at Aid Stations and 100 and 300m from where the trail starts.

Any runner caught littering on the trail is subject to immediate disqualification. It is our responsibility to have a Clean race.
